

R.L. Oatman & Associates, Inc.

Executive Protection Training North Palm Beach, Florida February 7-8, 2012

This course is designed to cover the fundamental skills and procedures required to provide personal protection to executives in the corporate or government setting, members of private families, celebrities or any other prominent individuals in need of professional protection services.

The two-day program is intended for the full range of student interest, from entry-level to seasoned practitioners.

It will benefit those persons seeking to start a protection profession, as well as those veterans who desire an intensive refresher course.

- Learn the fundamentals of executive protection's underlying philosophies and the mind-set that drives both the protection specialist and a professional protection program
- Understand what it takes to succeed in this highly specialized profession, and how to prepare for an entry-level position
- Develop the benchmarks of a thorough advance survey and participate in a table top exercise
- Know what is meant by the "choreography of protection" and understand its critical significance
- Review residential, work place and transportation security elements and current, real-world issues
- Learn the fundamentals and the nuances of domestic and international travel security
- Examine transportation security issues and the bullet-resistant vehicle
- Learn counter-surveillance techniques and their application to modern executive protection methods
- Learn the methods of Managing and Directing an Executive Protection Detail

Two Day Executive Protection Training Program

North Palm Beach, Florida

February 7-8, 2012

DAY ONE

Executive Protection Orientation

This introduction dispels the negative view of the bodyguard and introduces the concept of the executive protection specialist.

Threat Assessment

The foundation of all protection programs is the formulation and analysis of the data and intelligence needed to establish a framework for the development of the protective effort.

Advance Procedures

The critical stage of protection is the advance. Receive an in-depth analysis of the advance survey, pre-departure preparations, etc. A tabletop exercise allows students to decide up on, provide for, and properly execute the advance.

Choreography of Protection

Learn the proper positioning required to support the concentric theory of protection

Counter-surveillance

Learn techniques that support the protective effort by *watching the watchers*.

The Lone Gunman

Understand the thinking and behavior of individuals who have attacked or approached prominent public figures in the United States and then discuss protective intelligence strategies.

DAY TWO

Working with Foreign Security Providers

Learn how to develop a network of foreign security contacts so as to avoid the pitfalls and challenges that can affect the principal's security.

Detecting Armed Adversaries

Learn the characteristics of the Armed Gunman by being able to tell if a person is carrying a concealed weapon. How do you tell whether an armed person is a friend (law enforcement) or foe?

Transportation Security

Focus on automobile security – selecting the right vehicle, examining limitations and advantages, securing vehicles against attack, and conducting a proper search. Bullet-resistant vehicles and their components will also be covered.

Emergency Extraction of the Principal

In a global economy, business opportunities sometimes lie in dangerous locales. Extracting a protectee from a dangerous place requires careful planning in advance and complex maneuvers on-site.

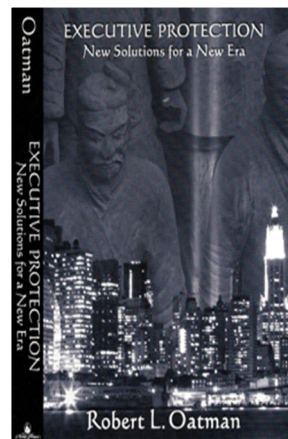

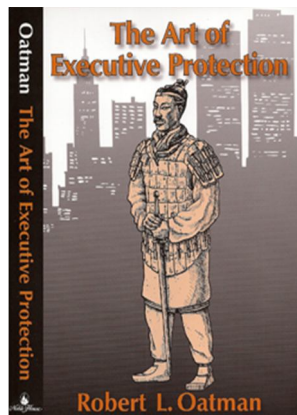

Managing and Directing an Executive Protection Program

With its 24 hour operations, unpredictable conditions, multiplicity of details, and life and death stakes, executive protection shares many characteristics with the military and law enforcement professions. Examine the most critical leadership behaviors and how a good leader performs.

Robert L. Oatman, CPP
R. L. Oatman & Associates, Inc., President
Towson, MD

Robert Oatman retired as a Major and Chief of Detectives from Maryland's Baltimore County Police Department. During his long and varied career, he acquired a broad range of training and experience in crisis management, leadership, executive protection, and criminal investigation. His experience in the private sector includes providing consulting and protective services to the executives of major multinational corporations, including responsibility for protecting the Chief Executive Officer of NBC during Seoul, Barcelona, Atlanta, and Sydney Olympic Games. An expert in executive protection, Mr. Oatman co-authored a book titled *You're the Target*, a comprehensive study of terrorism and executive protection. He also authored three books titled *Executive Protection: Rising to the Challenge*, *Executive Protection: New Solutions for a New Era* and *The Art of Executive Protection*.

Mr. Oatman holds a Bachelor of Science Degree in Criminal Justice from the University of Baltimore and is a graduate of the FBI National Academy and the Federal Executive Institute. His is a Certified Protection Professional and longstanding member of the American Society for Industrial Security, FBI National Academy Associates, American Society of Law Enforcement Trainers, and Maryland Chiefs of Police Association.
